THE GREEN LAKE IMPROVEMENT DISTRICT (GLID)
LAKESHORE RESTORATION IMPLEMENTATION PROGRAM**

GREEN LAKE LAKESHORE RESTORATION INTEREST FORM FOR ERODING OR NON-BUFFERED SHORELINES

Is your lakeshore washing away? Would you like help restoring it? GLID has shoreline restoration assistance to help!

GLID will help with your pre-approved paid shoreline expenses for 25% up to \$1000!

Past and most recent Green Lake shoreline restoration projects have been very successful resulting in usable and beautiful natural landscaped shore, reducing erosion, and limiting nutrients from going into our lake to feed excess weeds and algae. GLID partners with Isanti County Soil and Water Conservation District (SWCD) experts on project selection and design.

Green Lake, for many years, has partnered with Hayland Woods' Shelley Larson, Shoreline Restoration Consultant. There are other expert high quality shoreline restoration businesses.

Starting here, indicate your interest to participate in The Green Lake Shoreline Restoration Implementation Program. NO commitment necessary to indicate interest. If accepted into the program, you will sign a "Lake Shoreline Restoration Contract".

- I am interested in participating in this program and ask that the GLID begin analyzing feasibility.
- I understand my responsibility to provide sufficient resources (financial and planting labor) to install, pay for, I and maintain the new vegetation buffer zone. Contract will be between Lake Owner and Contractor.
I understand that GLID will provide reimbursement assistance on expenses for 25% up to \$1000 of the pre-approved paid-for contracted project cost.
- I understand I would be responsible to maintain the shoreline restoration project for at least 10 years.
- I understand that, due to the limited availability of funding and priorities, my property may not be chosen for the current year, but may be considered for future years.
