

Green Lake Improvement District

Board Meeting: June 18, 2013 Wyanett Town Hall 7:30 PM

Members Present: Larry Lindquist, Larry Kohout, Barb Prince, Ken Murray, George Bergquist, Bob Duncan

Members not in attendance: Jim McLaughlin, Mitch Nelson

General:

1. Buoys have been removed.
2. Water is not coming in from the creeks, water level is too high.
3. Jamie Schurbon, Water Resources Specialist, Anoka Conservation District
 - Has reviewed abridged plan from 1993
 - Group is a not for profit and is not a state agency
 - Does get funds from state for projects

Things that should be done to prepare for TMDL

- Get lake bottom core samples, about \$1000, to determine internal lake loading
 - Need to have better data on stream water quality and flow
 - Need one year of flow samples
 - Jamie will work with us to get equipment
 - Setup lake visit for July 9th AM
4. 2014 budget

Need to maintain the \$25,000 voted in 2011

Things to add:

- Curly leaf \$13, 750 per year. Already have \$3,750 so need to add \$10,000
 - Stream and water flow: \$ 5,000
 - Core Samples: \$1,500
5. What do we want to do about Wyanett Creek. Peninsula is building up again. Can we just do a work day to clear it out? Need to know what the owners on either side of the creek actually own.
 6. BOWSER Rep: Jason Widerman: 218.828.6045
 7. Ken Murray: project to keep sediment from running into the lake at Feldspar
 - BOWSER Community Partner Grant
 - Approximately \$30,000 with \$6,500 (In Kind \$3,900 so GLID share would be \$2,675)
 - Ken to write up and submit
 - Would build a structure about 100 feet up from the lake that would catch the sediment

Next meeting July 16th at 7:30 PM
